

Teachers' Day 2026 Celebrating Dedication and Impact

On September 5, 2026, eVidyaloka celebrated **Teachers' Day**, bringing together over a 100 dedicated volunteers, content developers, and corporate partners who are the backbone of its mission. The celebration was made special by the presence of esteemed guests Dr. Ashok Dalwai, IAS (Retd.), Chairman, Institute for Social and Economic Change, Bengaluru, and Prof. Ram Kumar Kakani, Vice Chancellor, RV University, Bengaluru.

A key highlight was the recognition of 85+ valued contributors, including 3 Prof V. Krishnamurthy Memorial Impact Awards, 75 volunteer teachers, 5 volunteer content developers, and 5 corporate partners for their commitment and invaluable contributions to eVidyaloka's mission. The heartfelt feedback from attendees reflected on their journey with eVidyaloka and what the celebration and recognition meant to them, inspiring renewed enthusiasm to continue making a difference.

The celebration was a tribute to the collective efforts of this inspiring community and a reminder that every contribution helps create meaningful learning opportunities. eVidyaloka extends its heartfelt gratitude to everyone who made the occasion special and looks forward to continuing this journey of transforming lives through education.

Celebrating World Ozone Day

eVidyaloka students across all states observed **World Ozone Day**, showcasing their creativity through beautiful drawings highlighting the importance of protecting the ozone layer.

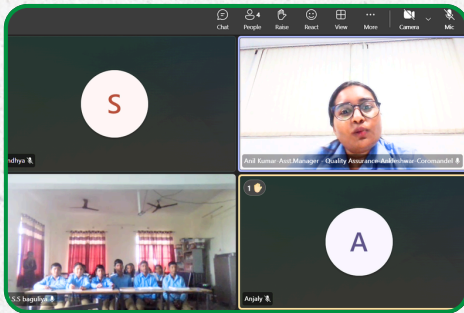

Awareness videos were also shared with students to help them understand the significance of the ozone layer and the need to protect our environment.

Volunteers Bring the Joy of Stories to Classrooms

The Joy of Storytelling sessions were conducted across eVidyaloka schools in multiple states, with volunteers from Coromandel International Limited engaging students through the power of stories. These interactive sessions encouraged creativity, sparked imagination, and supported language development, making learning more enjoyable and meaningful for students.

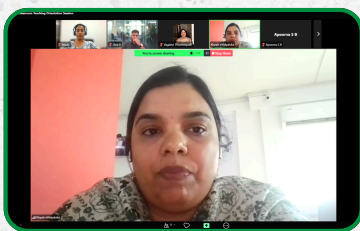

India Welfare Trust: Empowering Learning Through Notebooks

India Welfare Trust (IWT) notebooks were distributed to students in eVidyaloka schools to support their daily learning and practice. This initiative encourages students to strengthen their understanding, maintain consistent learning habits, and continue their educational journey with the resources they need.

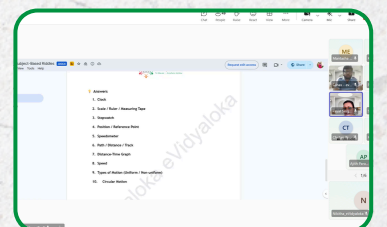

Strengthening Learning Through Skills & Mentorship

eVidyaloka continued to strengthen its volunteer network through mentorship initiatives, with a dedicated orientation conducted for Fidelity employees to prepare them to guide and support students beyond academics. This initiative aims to provide students with valuable guidance and encouragement for their overall growth.

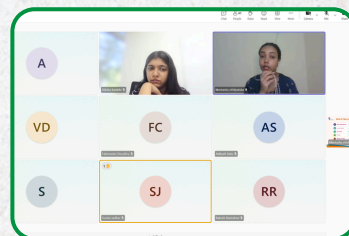

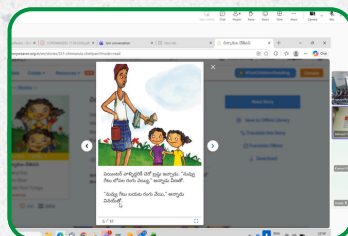

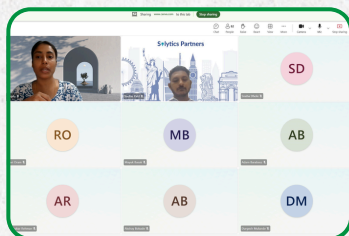

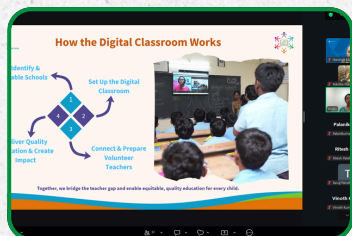

In another initiative, KPIT employees participated in a hands-on content creation event, contributing their skills to develop educational resources for students. This collaboration highlights the importance of skill-based volunteering in strengthening and enriching learning materials and creating meaningful educational experiences.

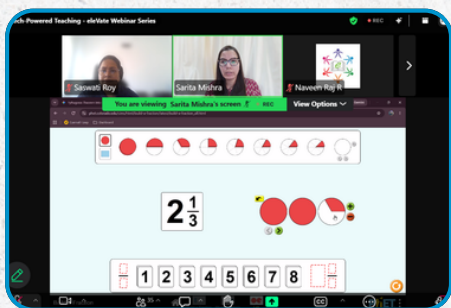

Corporate Volunteer Orientations

eVidyaloka expanded its corporate volunteering efforts through orientation sessions with Assurant, Solytics Partners, Coromandel, and Reliance Foundation. The sessions introduced a new partnership with Assurant, onboarded over 80 volunteers from Solytics Partners, prepared 106 volunteers from Coromandel for the Joy of Storytelling initiative, and trained Reliance Foundation volunteers to support the Digital Classroom Program (DCP). These engagements strengthen the network of corporate volunteers contributing their time and expertise to enrich learning experiences for students in rural schools.

Elevate Webinar Series: Tech~Powered Teaching

eVidyaloka's Elevate Webinar Series is a monthly initiative that brings volunteers together to explore new ideas, strengthen their skills, and enhance learning experiences. The first session of the academic year focused on Tech-Powered Teaching, featuring Dr. Sarita Mishra. The session explored innovative ways to use technology to enhance digital classroom experiences while supporting continuous learning and upskilling among volunteers.

From Two Classes to a New Beginning: Manasa's Journey

When Manasa wanted to return to teaching after motherhood, eVidyaloka gave her a meaningful place to begin. Starting with just two classes a week, she gradually rediscovered her confidence

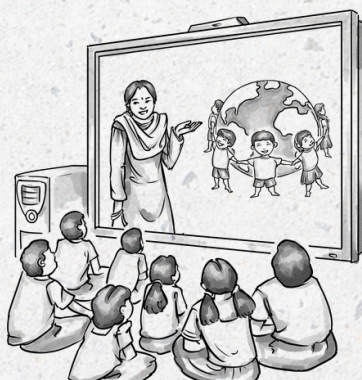

and passion for teaching while making a difference in students' lives. As her child grew, Manasa continued volunteering while pursuing her career as a school teacher. Today, she runs her own mathematics classes with confidence, reflecting how a small step in volunteering can open doors to new opportunities and personal growth.
