OPERATIONS UPDATE

Month of August saw the completion of Diagnostics test 1 across our centers in all 5 states. Diagnostics are completed 3 times in a year to assess the level of understanding of basic concepts with the kids and to measure the improvement they have achieved over the period with our classes.

We also saw our Teacher volunteers coming down from their place of residence to visit their kids at school which was a surprise for kids and an eye opening, heart warming session for teacher. We saw Dhatri Vinajmuri Visiting her students of Rolupadi school in Andhra Pradesh, Rudrakant Sollapur Visiting his Managundi school students at the Karnatak University, Dharwad and Abhinay Sali visiting his students of Laxmipuram school Andhra Pradesh and taking one of his sessions over there. Meenakshi Subramani visited Semmabadi School in Tamil Nadu on Aug 15th and took part in the school's independence day celebrations. Our TN Co-ordinator Gayathri Ramesh along with Class administrator Kamala Ramesh also visited Semmabadi school. The first hand stories and experiences of all these visits are getting posted on our blog every week.

We were able to complete 2 months of teaching in this academic session and covered 2000+ sessions in our 48 live centers for August. Adding to this list will be the new centers that we inaugurated in August.
